e. Complete files of all publications are neither required, nor authorized, for all elements of this command; however, if the activity is indicated as a recipient, the publication will be maintained by the activity concerned. Having access to the electronic copy is sufficient.

f. HQ USAREC staff elements preparing publications will indicate distribution desired by use of the appropriate symbol listed in table 1. Proponents desiring an “A” distribution must coordinate publication with the G3, Enlistment Eligibility and Processing Division.

g. The U.S. Army Medical Recruiting Brigade (MRB), recruiting brigades (Rctg Bdes), medical recruiting battalions, and Rctg Bns are not authorized to publish their own publications. If a publication is required, it should be submitted to HQ USAREC, Assistant Chief of Staff, G6, ATTN: RCIM, 1307 3rd Avenue, Fort Knox, KY 40121-2725. At that time, it will be staffed with the appropriate proponent for review.

5. Forms general

a. All USAREC activities, except Rctg Cos, MRCs, and RSs, will maintain a 120-day stock level of applicable USAREC blank forms. RSs, MRCs, and Rctg Cos will maintain a 60-day stock level.

b. Rctg Bdes, MRB, Rctg Bns, and medical recruiting battalions will maintain either DA Form 479 (Publication and Blank Form Stock Record Card (Vertical File)) or DA Form 479-1 (Publication and Blank Form Stock Record Card (Visible File)) as stock record cards for USAREC, Department of the Army (DA), Department of Defense (DD), Standard Form (SF), and Optional Form (OF) blank forms (where stocks are maintained). An automated program containing the same information as the DA Form 479 or DA Form 479-1 may be used in lieu of the manual system.

c. Stock record cards will be kept current and reviewed at least semiannually by the records management coordinator. A statement will be prepared at the time of review and kept on file.

d. To compute your monthly usage, follow the steps below:

(1) Keep an accurate count of your usage for approximately 3 months.

(2) Divide your usage by 3. Used 800 forms in 3 months; $800 : 3 = 266.66$; round up to 270. Your monthly usage in this case would be 270.

e. There is no need to maintain stock or stock record cards on items that have been electronically generated and the paper copies are no longer published or being used.

f. Rctg Bdes, MRB, Rctg Bns, and medical recruiting battalions are not authorized to publish their own blank forms. If a form is required, it should be submitted to HQ USAREC, ATTN: RCIM. At that time, it will be staffed with the appropriate proponent for review.

6. Initial distribution

a. Rctg Bde, MRB, Rctg Bn, and medical recruiting battalion commanders will establish, if not already in effect, an account with the St. Louis Publications Center. The Rctg Bn and MRC account will be for required publications and blank forms at the RS and Rctg Co level.

b. Rctg Bdes, MRB, Rctg Bns, medical recruiting battalions, and MRCs receiving DA, DD, SF, and OF blank forms from St. Louis Publications Center will maintain a 120-day stock level of these forms.

c. Rctg Bde, MRB, Rctg Bn, medical recruiting battalion, and MRC commanders are required to review at least annually, their DA Form 12-series and submit a verified copy to HQ USAREC, ATTN: RCIM.

d. Table 1 shows the breakdown of initial distribution for USAREC publications. Rctg Bdes, MRB, Rctg Bns, medical recruiting battalions, and MRCs will submit a memorandum of justification on a case-by-case basis for changes to the initial distribution scheme.

7. Resupply

a. Rctg Bdes, MRB, Rctg Bns, medical recruiting battalions, MRCs, and HQ USAREC staff elements will submit requisitions for resupply of USAREC publications and blank forms to HQ USAREC, ATTN: RCIM, by use of DA Form 17 (Requisition for Publications and Blank Forms). Requisitions will be consolidated as much as possible. Requisitions requesting more than five copies of any publication must be justified in block 2 on DA Form 17; if not, the requisition will not be honored. Requisitions for blank forms must have block 7c (Unit), DA Form 17 filled out. At table 2 is a list of all units of issue. A shipping date of 7 days from date of receipt of the requisition will be established, unless circumstances prevail which require emergency action. In such cases, the special requisition must contain a statement of justification. Requisitions will be processed and shipped to account holders and staff elements only.

b. To acquire necessary U.S. Military Entrance Processing Command publications or blank forms, requests will be forwarded through Rctg Bns to their respective servicing military entrance processing station.
